

INTEGRATED METAL SOLUTIONS LIMITED

ENVIRONMENTAL POLICY

It is the objective of INTEGRATED METAL SOLUTIONS LIMITED to, wherever possible; operate in an environmentally friendly way that supports the use of recyclable resources and the protection of the Environment.

This will be achieved by adopting a Environmental strategy that will include, where possible, renewable sources of energy and the disposal of waste material in a way that is not detrimental to the Environment.

The responsibility for achieving and adhering to this policy rests not only with the employer, but also with the employees, sub-contractors and suppliers of materials to be used within the workplace environment and on site.

Existing and new employees are required to be made aware of the laws surrounding the disposal of hazardous waste and must at all times dispose of material in an environmentally friendly fashion, in accordance with this policy.

The successful implementation of this policy is the duty of all employees and is dependent on the wholehearted co-operation of all levels of Employees and Management, throughout the company.

This statement of policy will be reviewed and revised as appropriate to take into account changes in circumstances and or legislation, as they relate to the Environment.
